

MOMENTS TO MOMENTUM

Turn Everyday Moments Into Lasting Momentum

An Interactive Keynote Experience with Scott Abbott

There's a lot to navigate in business, work, and life today.

The pace of change can feel overwhelming. Technology, automation, and AI are advancing rapidly. People at every level are being asked to adapt, perform, and stay ready. The issues, challenges, and opportunities are abundant.

Yes, there's plenty to be concerned about.

But there's also tremendous possibility.

In **Moments to Momentum**, Scott brings a candid, insightful, and compelling perspective on how everyday choices, conversations, behaviors, habits, and actions shape our outcomes. Through real-world stories, impactful ideas, and audience participation, he helps you recognize the moments that matter, how to take ownership, and turn them into positive momentum.

Leveraging 35+ years of experience as an Inc. 5000 four-time Founder and CEO, 4X bestselling author, accomplished investor, and acclaimed performance coach, Scott embraces a purposeful philosophy and framework for how individuals and organizations can perform at their best:

Humanize + Systemize + Optimize

That means putting people at the center. Equipping them with the right structure, standards, and support. And leveraging AI, technology, and other resources to power continuous growth.

Moments to Momentum is energetic, informative, and interactive. The experience will engage and inspire you to learn, think, and grow. And no matter where you are in an organization, you'll gain essential concepts, tools, and disciplines to help you prosper in business, work, and life.
